Homework 1, 2, and 3

Homework 1

Go to www.codeacademy.com and create an account. Sign up for *Learn the Command Line*. Only do the free lessons, not the Pro lessons which require you to pay. Do lessons 1-3 and print out your dashboard showing 75% completion and turn it in.

Homework 2

Go to www.codeacademy.com and sign up for *Learn Python*. Do lessons 1-x and print out the dashboard showing xx% completion and turn it in.

Homework 3

Continue on in *Learn Python* and do lessons x-y. Print out the dashboard showing xx% completion and turn it in.
